# STUDENT PERFORMANCE

Colorado students are assessed once a year in order to measure their performance on state academic content standards, using the Colorado Student Assessment Program (CSAP). The chart below shows the results for grades 3 - 5 in the subject areas for reading, writing and math for all students tested.

## CSAP 2003 Spring

### Percent of Students Scoring Proficient and Advanced

|                   | Your School | District | State |
|-------------------|-------------|----------|-------|
| Grade 3-5 Reading | 40%         | 48%      | 67%   |
| Grade 3-5 Writing | 28%         | 34%      | 54%   |
| Grade 3-5 Math    | 22%         | 37%      | 56%   |

### Student Test Scores Used For Calculating Overall Academic Performance

Each school in the State received a rating of "Excellent", "High", "Average", "Low", or "Unsatisfactory" for student academic performance in school year 2002-2003 using the CSAP results printed above. Every student in this school who took these tests was included in the calculation used to assign a rating, except for students who do not speak English, whose special needs require that they spend less than 45% of their time in a regular classroom, or who enrolled in the public school after February 1 of this school year. Your school's rating was determined by the percentage of students performing in each of the Advanced, Proficient, Partially Proficient, and Unsatisfactory levels. These percentages were weighted and combined across grade levels and academic areas. These weights reward performance at the Advanced and Proficient levels over performance at the Partially Proficient and Unsatisfactory levels. The ratings were assigned after calculating the weighted total for each academic area and grade level for each school and comparing this school to all other elementary schools for the 2002-2003 school year.

## Overall Academic Performance for the 2002-2003 school year

| School Improvement           | Stable    | Stable    |           |

Each school receives a school improvement rating of Significant Improvement, Improvement, Stable, Decline, or Significant Decline. This rating is based upon the change in student academic performance from the previous year. Each school can improve its rating next year by improving student performance on the 2003-2004 CSAP.
